Re: Moreland Middle School Career Fair

Dear Mr. Larry Page,

A voice is a powerful tool. And a voice such as yours, even more so. We are writing you with sincere hopes that you will be our Keynote Speaker at our First Annual Career Fair at Moreland Middle School in San Jose on May 21st. We understand how difficult it is for you to find time in your busy schedule, however, with you being such a prominent local figure, it would be the highest honor to have you speak. Students are interested in hearing about your career, the education required, and a "day in the life," of someone in your field. In addition, we will be raising money through donations, concessions, and a raffle to raise money for field trips, additional classroom technology, and future fairs.

By coming to this event, you will inspire hundreds of young students to make a difference. You will inspire the future generation of thinkers, speakers, and CEOs to innovate right here in Silicon Valley. You will inspire the people sitting in the audience to do the things you have done and to aspire to be the icon you have become. As you said in 2014, "You're working because you want to change the world and make it better." I feel the same way as do the students at Moreland Middle School. Since we appear to agree on so many counts, let's agree on one more. We would be thrilled if you would attend the event and make a tremendous difference to the lives of Silicon Valley students.

There are few people who can even be compared to what you have accomplished in your lifetime. You have the power to make a difference, and that is something that all of the students at Moreland Middle School want to do as well. Also, if you are available, we wish to interview you via phone, email, or in person. If you are willing to do so, please let me know. To have you speak at our school would be truly inspirational, and would allow us all to understand how you helped make Google such a successful company. We think that Google is one of the most diverse and versatile companies, and personally, I have always been amazed with what you have done. You and your company have

accomplished amazing things which have benefitted not only everyone at our school, but the world.

If you are interested, guest registration is from 5:30 to 5:45 after which we hope you will open our event at 6PM sharp. At 6:15, our guests will break out into panels to present to the students which you are welcomed to attend. There will be three 20-minute sessions and a reception for our presenters at 7:30PM. If you are able to present, give an interview, or if you have any questions, please email me at pranav.grover@gmail.com.

The voice is a powerful tool, and on May 21st, we hope we get to hear yours.

Thank you,

Pranav Grover, 8th Grade Student
